Dear colleagues

Fire Alarms with Smoke Detectors at RU

Please take note: only RU buildings that have fire alarm systems with smoke detectors have a direct radio link to the RU Campus Protection Unit. This means that if the fire alarm system is set off, the CPU will automatically receive a signal.*

* NB: Regular signal TESTS are NOT carried out by CPU. The relevant building manager must please contact the CPU on x 8146 or 8147 to assist with a signal test session, e.g. before you hold a fire drill in your building.

The Infrastructure & Operations Electrical section has confirmed that the following RU buildings have fire alarms with smoke detectors:

DEPARTMENTS / DIVISIONS

- AMM building (Journalism)
- Barratt building
- Biosciences building (Biochemistry & Microbiology; Biotechnology Innovation Centre)
- Chemistry building (Chemistry; Pharmacy)
- Eden Grove building (Registrar's Division)
- (new) Education building
- ELRC (Environmental Learning Research Centre)
- Hamilton building (Computer Science & Information Systems)
- (new) Languages building
- Main Library
- Struben building (Information & Technology Services)
- (new) Zoology & Entomology building

RESIDENCES

Desmond Tutu Hall:

- Amina Cachalia House
- Calata House
- Ellen Kuzwayo House
- Margaret Smith House
- Walter Sisulu House

Kimberley Hall:

- Cullen Bowles House
- Rosa Parks House

Lillian Ngoyi Hall:

- Joe Slovo House

Miriam Makeba Hall:

- Chris Hani House

Nelson Mandela Hall:

- Stanley Kidd House

New Hall

- NH Res 7
- NH Res 8
- NH Res 9

Post Grad Hall:

- Oakdene Post Grad building

Other RU buildings with manual fire alarm systems - including those with break glass 'emergency evacuation' alarms (not smoke detectors) - have NO radio link to CPU. In case of an emergency, the relevant Building Emergency Coordinator should immediately contact CPU.

HODs/Managers please ensure that **RU Emergency Contact Numbers** are visible on your department/section/unit noticeboards, and are included in your **Emergency Evacuation Plan of Action**

Info and documents at www.ru.ac.za/safety/emergencies & www.ru.ac.za/safety/fire/evacuation/ / www.ru.ac.za/safety/fire/firedrills

Best wishes,

Nikki Kohly | Safety Health & Environmental Officer | Registrar's Division |
